EDITORS BULLETIN-Seeing you solicit reports from different parts of the county, we will endeavor to give you a tew items from the 19th district, especially on our educational progress. Two years ago we decided we could establish a good school at the Ussery Springs, which is four miles south of Pocahontas and right in the southeast corner of Hardeman county. Hence a few energetic citizens put their shoulders to the wheel and erected a good school building and advertised for a normal teacher and secured the services of Prof. A. G. Freed, who is a graduate of the Southern Indiana Normal College, all of which resulted in the beginning of the first session of the Southern Tennesses Normal College, which began Sept. 16th. 1889. The session has been a prosperous one, enrolling seventy-two pupils, twenty one of whom will graduate in the teachers course in June. The graduates have been well trained in all the latest methods in normal teaching and we would say here that if the people or school directors of Hardeman need any teachers they will do well to address the principal of the Southern Tennessee Normal College. Most of our teachers have schools for the summer, but we have a few that are no yet engaged, who can be relied upon to give satisfaction. We of the 19th district feel proud of our school and hope to make it such that old Hardeman may feel proud. The present session closes 26th of June, and we would be pleased to have the editors of the BULLETIN and any others that are lovers of education to be with us at that time. Success to your paper. Yours very respectfully,

Pecahontas, Tenn. D. S. NELMS.

Owing to shortness of time between now and the primary election, I will not be able to see all the voters of the county; however I will try to see as many as possible, and send word to the others that thay may know that I am in the ring trusting myself to the judgement of the democrats of old Hardeman apris-3wks.

Owing to the near approach of Circuit Court, I will be compelled to remain here a considerable portion of the time between now and the election to attend to my official duties, and if I fail to see the people I hope this excuse will be satisfactory.
